| The turnaround location is the Crown Point Historical Museum that is still under construction. As an alternative we suggest you get off at Crown Point/Vista House for 38 minutes while the trolley goes through to Corbett and returns, or you can spend 26 minutes in Corbett and visit the Corbett Country Market for ice cream. | The turnaround location is the Crown Point Historical Museum that is still under construction. As an alternative we suggest you get off at Crown Point/Vista House for 38 minutes while the trolley goes through to Corbett and returns, or you can spend 26 minutes in Corbett and visit the Corbett Country Market for ice cream. | The turnaround location is the Crown Point Historical Museum that is still under construction. As an alternative we suggest you get off at Crown Point/Vista House for 38 minutes while the trolley goes through to Corbett and returns, or you can spend 26 minutes in Corbett and visit the Corbett Country Market for ice cream. | The turnaround location is the Crown Point Historical Museum that is still under construction. As an alternative we suggest you get off at Crown Point/Vista House for 38 minutes while the trolley goes through to Corbett and returns, or you can spend 26 minutes in Corbett and visit the Corbett Country Market for ice cream. The Market is within walking distance of the Museum. |      |        |                                       |  |                  |       |       |      |                               |        |
